6.1 Telling Public Radio's Story

Jump to question: [6.1](#)

The purpose of this section is to give you an opportunity to tell us and your community about the activities you have engaged in to address community needs by outlining key services provided, and the local value and impact of those services. Please report on activities that occurred in Fiscal Year 2024. Responses may be shared with Congress or the public. Grantees are required to post a copy of this report (Section 6 only) to their website no later than ten (10) days after the submission of the report to CPB. CPB recommends placing the report in an "About" or similar section on your website. **This section had previously been optional. Response to this section of the SAS is now mandatory.**

Joint licensee Grantees that have filed a 2024 Local Content and Services Report as part of meeting the requirement for TV CSG funding may state they have done so in the corresponding questions below, so long as all of the questions below were addressed as they relate to radio operations in such report. You must include the date the report was submitted to CPB along with the TV Grantee ID under which it was submitted.

1. Describe your overall goals and approach to address identified community issues, needs, and interests through your station's vital local services, such as multiplatform long and short-form content, digital and in-person engagement, education services, community information, partnership support, and other activities, and audiences you reached or new audiences you engaged.

1. In 2024, classical music station KBAQ in Phoenix concentrated on its primary objective of providing classical music presented by local hosts to serve as a refuge from the 24-hour news cycle. Listeners often tell us they appreciate the oasis. KBAQ continued its web- and email-based promotions inviting listeners to help choose the music through the Top 100 Most Wanted List. The station also continued to air locally recorded performances on Arizona Encore and The Phoenix Symphony Broadcast. We established a performance space in the station to allow local musical groups to come and share their talents with the audience. KBAQ's listener demographic skews much older than that of most radio stations, so many in the audience cannot attend concerts in Phoenix, but they can have a similar experience through the studio performances of local groups that KBAQ provides.

2. Describe key initiatives and the variety of partners with whom you collaborated, including other public media outlets, community nonprofits, government agencies, educational institutions, the business community, teachers and parents, etc. This will illustrate the many ways you're connected across the community and engaged with other important organizations in the area.

2. Many of our outreach efforts are in partnership with co-licensee Arizona State University through the audio production wing of its PBS member station, KAET. In 2024, we aired local performances from the Phoenix Symphony along with recent performances from True Concord
